

## Camping in the pits at North Star Speedway

I, \_\_\_\_\_, am going to camp in the pits and will hold North Star Speedway and South Central Alaska Motorsports Association harmless. I also understand that the first time a complaint, by either track “neighbors” or track officials, is made, camping will no longer be allowed. Please be aware that the track assumes **NO LIABILITY** during your camping stay!

- I understand that it is my responsibility to keep my area clean and to dispose of all garbage
- Quiet time begins at 11pm
- No four wheelers or recreational type vehicles allowed in the pits
- If I am the last person out of the racetrack I will close the top gate after my departure
- No burning debris (wood only)
